PROGRAM DESCRIPTIONS

Toddler Program

This class is designed to meet the growing and changing needs of the child from 17 to 36 months of age. It includes opportunities for physical, intellectual, social, and emotional growth. The curriculum is created with the specific needs of the toddler in mind. Students are enrolled for a 10-month schedule.

Primary Program

These classrooms are for children between 3 and 6 years of age. The program adheres to Montessori philosophy and curriculum. All classes are directed by certified Montessori professionals within environments equipped with a full range of Montessori didactic materials. Classes meet daily.

The hours will be from 8:30 to 12:30 or 8:30 to 3:00 daily. Dismissal times are determined by Primary Guides.

Children's House

Children's House is designed to meet the needs of families whose children require care beyond the hours of Cornerstone's regular classes. This program is led by Montessori trained teachers, assisted by supportive teaching professionals.

Children's House Extended Care Program offers continuity for Cornerstone students of all ages after their academic programs. Following academic programs at 12:30 and 3:00, Children's House helps to create a smooth transition from the stimulating Montessori classroom to a relaxing, educational after school experience.

Lower and Upper Elementary and Junior High

Classes at the 6-9, 9-12 and 12-14 year old level are offered primarily to qualified students from our own preschool classes and from other area Montessori programs. Other applicants will be considered when appropriate. Placement in the program at these levels assumes an ongoing commitment to the Montessori philosophy of personal and academic growth as initiated at the preschool level. The elementary program is approved by the New Hampshire Department of Education.
